If you SCAN your logo, make sure your dpi is as high as possible. 400 to 600 dpi works best.

IF YOU DON'T KNOW WHAT WE'RE TALKING ABOUT, just call us and we'll help you out.
Don't worry. We don't expect you to be the expert in this area....that's OUR job.

The COLOR of Your Logo:

We can use ANY COLOR of your logo.   It's that simple!

How to Get Your Logo to Us:

It's best if you EMAIL your file to: Don@ChicagoWaterMark.com

(Did you know that in ANY email address, you can combine or MiXuP capitals and lower case letters
IN FRONT (to the left) of the ■ (dot) com, org, etc.? No matter how you type it, the email gets delivered.)

OR you can SNAIL MAIL your file or 3 clean, sharp, black and white copies to:

Chicago WaterMark Company
455 West 37th Street, Suite 1018
New York, NY 10018

FAXES won't do. They are too fuzzy.
